15-DAYS TRAINING RULE

Reminder – Article 111 of the Code des Courses au Galop

ART. 111

ENGAGEMENT D'UN CHEVAL ENTRAÎNÉ HORS DE FRANCE

Pour qu'un cheval entraîné hors de France puisse être engagé pour la première fois dans une course publique en France il doit avoir été régulièrement déclaré par son entraîneur au moyen du site internet mis en place par France Galop au moins 15 jours avant le jour de la course à laquelle il doit participer.

Cette déclaration doit comporter sa désignation complète comprenant le nom, le sexe, l'âge, la robe, l'origine (père, mère, père de mère) et le suffixe du pays de naissance.

Par ailleurs, si la course se situe plus de 15 jours après l'engagement, la déclaration mentionnée ci-dessus devra avoir été effectuée au plus tard 3 jours avant le jour de la clôture générale des engagements.

Si un engagement n'est pas enregistré en raison de l'inobservation de cette disposition, aucun recours ne peut être exercé.

This article means that for a horse trained out of France and entered in a public race in France, it must have been duly declared by its trainer via the website set up by France Galop (Site Pro) at least 15 days prior to the race it is scheduled to participate in.

If the horse has not been declared via the France Galop website at least 15 days prior the race, entries will be invalidated.
